Program Goals/Outcome That Support Their Mission to Serve Children Families and Community	13-16

UPPER CUMBERLAND HUMAN RESOURCE AGENCY

Grant# 04CH10011

Funding Year: 2021

During the strategic planning, Self-Assessment goals were developed to inspire and drive the program to achieve the success of implementing the overall objectives of providing quality services to children, families and the community. The strategic planning system enhances and builds upon the Self-Assessment. The following assemblages were involved:

- Mentor Coach/Education Supervisor
- Family/Community Partnership Specialist
- Health/Disability Services Specialist
- Director
- Grantee Finance Staff
- Governing Board
- Policy Council/Parents

During a year long process, an extensive amount of effort has been implemented in monitoring the program, collecting data and analyzing the results to design the goals within the self-assessment utilizing the following systems:

- Community Assessment
- Child Outcomes
- Family Outcomes
- Most Recent Tri-Annual Federal Review
- Self-Assessment/Analyzed Program/Services Data Collection
- State Quality Child Care Program
- NAEYC Accreditation Process
- Trends from the Parent Intake
- PIR data
- Fidelity Tool Checklist
- Dual Language Learners Program Assessment

A structured approach was implemented in collecting data from all the instruments used in monitoring the systems. Indicators are noted and analyzed to determine objectives that will allow the goals to be assembled from organized, collaborative information. Through the combination of the Governing Board, Grantee, Policy Council and the Head Start Staff, a collective conclusion was reached in determining the overall goals prioritized to enhance continuation of

high quality services to children and families. Plans were designed to enable programs to develop and implement a systematic, ongoing process consistent with Head Start philosophy and be reflective of overall indicators.

To accomplish and maintain the plans, goals and objectives, a mission, vision and values statement must be developed in order to allow all bodies concerned a usable purpose to set the ideology of the overall objectives of the program.

- **Vision Statement** To enhance positive transformation for our children, families, staff and community through partnerships which allow for the entire group to benefit from each other for a thriving society for future growth and generations to succeed.
- **Mission Statement** Foster individual development for children, families and staff to sustain positive transitions into the future.
- **Value Statement** Impossible dreams; **Hand in Hand, Together We Can.**

Data is collected throughout the 2021- 2022 school term to be implemented in the 2022-2023 school term to include findings from the previous school term that were not included in the previous Strategic plan/Self Assessment that were determined at year end while collecting data for analysis. As always, you can request and receive a copy of this report or visit our website at: www.ucvbheadstart.org and locate under "Governing Bodies". We continually strive to improve our program and this is evident in our Strategic Plan. The compiled goals should be attainable as designated by the timelines-Short Term/ Long Term. The established program objectives include activities and documentation that support, governing regulations, to include Head Start Performance Standards, 2007 Head Start Act, and State Child Care Licensing.

Self-Assessment Narrative

In cohesive agreement with Head Start Performance Standard 1302.102 and 641A of the Head Start Act and the Region IV Office of the Administration for Children and Families, the following Self-Assessment Plan is submitted for the continued progression of improvement of the Program to maintain a high level of quality services provided to children and families.

Self-Assessment Preparation and Process

The Policy Council and governing body were trained on the purpose of the Self-Assessment. The program aggregates and analyzes data to include child assessment data and professional development and parent and family engagement data. Governing body and Policy Council are presented with the results of all data collected, identified needs, and quality improvement plans throughout the year.

Self-Assessment Objectives

The objective of the Self-Assessment is to approach quality improvement and program management through a systematic approach. Through the data collection process identify needs, design and implement goals to set the stage for a new year of ongoing monitoring and self-assessment activities to include challenges of the program, to strengthen current practices, and enable staff to better achieve the goal of providing high quality service to children and families.

Plan and Process

Program will form a self-assessment team utilizing program director, service delivery managers and input from the governing body, policy council and parents. Each service area is carefully examined and the outcome is analyzed. These findings and /or recommendations identify areas that need improvement and are incorporated into program goals setting the stage for T/TA Plans and budget justifications. A QIP plan is developed to improve the areas identified. Although the program continually seeks ways to improve program service delivery and program design and management, the accountability of the self-assessment process allows for an unbiased view of program operations through exploration of systemic issues and challenges. Progress will be examined on goals and objectives throughout the year to determine corrective actions are implemented.

Effectiveness and Challenges

Effectiveness:

- High quality services
- Community partners
- Staff dedication
- Maintain high standards of safety

Program Challenges

- Size/topography of service delivery area
- Accessibility to obtain local vendors/resources
- Accessibility to quality staff due to location and population
- Location of center in proximity of major population area
- Lack of Early Head Start

Service Delivery Area: ERSEA 1 of 1

Goal: Upper Cumberland Human Resource Agency Head Start (UCHRA) will ensure Eligibility, Recruitment, Selection, Enrollment, and Attendance systems are in place to enroll the neediest families in a timely manner and maintain full enrollment and waitlist throughout the program year.						
Desired Outcome: All efforts are made to maintain enrollment.						
Action Steps	Staff Responsibility	Timeline	Documentation	Status of Completion	Resources	Report to PC/BOD
